Office Financial Policy

We invite you to discuss frankly with us any questions regarding our service. The best health services are based on a friendly, mutual understanding between provider and patient. Whole Body Health Care provides services to you, not your insurance company. Because of this fact you are responsible for payment of any bill incurred in this office. We cannot provide services assuming that the insurance company will come through with payment. As a courtesy to you we will bill your primary company for charges incurred in this office. If payment has not been made by your insurance company within 60 days, we will expect you to pay the balance in full. It will then be your responsibility to collect from your insurance company. We will also be happy to send a bill to your secondary insurance. You are responsible for all deductibles and charges not covered by your insurance. Please understand that we cannot, as a third party, become involved in any prolonged insurance negotiations. That is your responsibility. Please contact your insurance company to inquire if we are a provider for your insurance. You will also be responsible for finding out about your chiropractic coverage, visit limitations, non-covered items and deductibles.

If we treat you for injuries received in an auto or work-related accident, we would be happy to submit your claim to your insurance company. However, it is your responsibility to be in contact with your claims adjuster and make sure that your bill gets paid. You will want to make yourself aware of any PIP or visit limitations your insurance may have on your coverage. Services provided after PIP coverage/visit limitations have been exhausted will be the responsibility of the patient.

All co-payments and/or percentages that your insurance required you to pay must be paid at the time of the visit. If you do not have insurance coverage for our services payment must be made in full at the time of service unless prior arrangements have been made. We accept cash, personal checks and credit card payments.

Any account that has been left unpaid after 60 days will be charged an interest rate of 1.5% monthly (18% annually) or a minimum fee of \$3.00. In the event that an account is left unpaid the undersigned agrees to pay the cost charged by our collection agency (50% of the unpaid balance) and all reasonable attorney's fees.
